

Rifki Kurniawan

Yogyakarta - Indonesia

I am a creative, dedicated, and detail-oriented UI/UX Designer with over 2 years of experience. Throughout my journey as a designer, I have developed skills in creating visually appealing and functional interfaces. I believe that good design can enhance user experience and provide effective solutions. I am committed to creating intuitive designs, with a focus on user satisfaction and alignment with business goals. I enjoy collaborating with teams, exploring new ideas, and continuously developing my skills in the design industry.
