

CURRICULUM VITAE

ABOUT

A professional UI & UX designer and Frontend developer. More than 4 years of experience in the field of graphic design and code HTML, CSS and JavaScript. I've done a lot of work in graphic, web, and interactive design for companies.

I graduated Bachelor of Indonesian Islamic University College of Yogyakarta - Indonesia. I do work in a creative field, a designer in any media such as websites, desktop interface, and flash.

Has 4 years of experience working in the field of design makes me up to snuff in giving a lot of ideas about my work. I do not hesitate to adapt novelty in design.

If you like good quality jobs with quick turn around for, do not hesitate to contact me. I'm going to for the best for you.
